

The Invisalign® treatment features you use daily now in **one convenient app.**

Introducing the **Invisalign Practice App.**

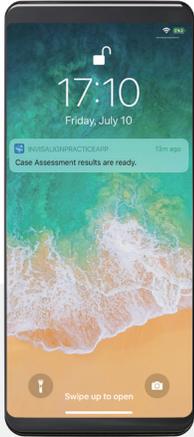

**Easily manage and prioritize your day.**  
Download the Invisalign Practice App today!

 **invisalign®**  
Transforming smiles, changing lives.

**The mobile solution you've asked for has arrived.** The Invisalign Practice app is integrated with the Invisalign Doctor Site to help streamline your workflow by putting many of the Invisalign treatment features you use daily like Invisalign Photo Uploader, Virtual Care\*, Virtual Appointment and Smileview in one convenient app.

For doctors practicing in Canada: Legal and professional requirements for remote dentistry/teledentistry vary by province, and the use of such tools may have limitations or only be permitted in your province during the current public health emergency due to COVID-19. It is your responsibility to ensure that all relevant laws, regulations, and professional codes of practice are followed and to ensure that teledentistry is clinically appropriate in each individual case.

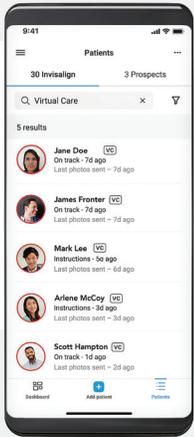

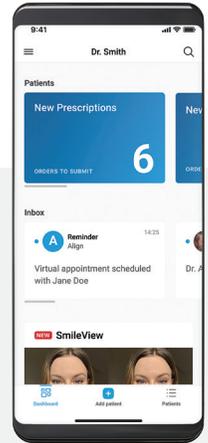

### Capture high-quality patient photos

Integrates Invisalign Photo Uploader capabilities, allowing you to take quality patient photos you can use for records capture, In-Face Visualization, Case Assessment and more.

### Get instant mobile notifications

To help you stay on track, notifications and alerts for Case Assessment, Virtual Care and more are sent right from the app to your phone.

### Customize and streamline your workflows

Quickly see ClinCheck® plans awaiting approval and Rx forms that need to be submitted. Custom filters help you easily find patient profiles and discover important trends among your prospects.

### Easily connect with patients and prospects

Schedule virtual appointments with patients and prospects in between their in-person appointments, check-in with patients through Virtual Care, and manage patient and prospect profiles from your phone.
