

PRODUCT OVERVIEW

Send International Payments with No Wire Transfer Fee*

Bill.com lets you pay international vendors, making cross border business payments just as easy as domestic payments. Save more time and money by paying in local currencies.

Simplify and track

One simple payment process, with greater visibility and control.

Save more money

No wire transfer fee for payments to vendors in local currencies.

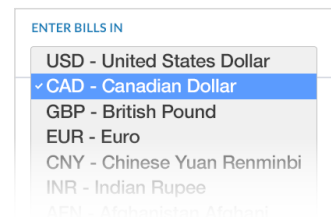

Keep everything in sync

Updates your accounting software for a complete view of payments.

Everything you need in one place

- ✓ **Speed up approvals** with automated workflows and payment controls
- ✓ **Get more visibility** with payment information and estimated delivery times
- ✓ **Pay in local currencies** and let Bill.com do the conversions for you

*Local currency payments only. Subject to restrictions. Other fees may apply.

“We used to have to go to our bank to send wires. That really adds up when you have hundreds of bills to pay each month! With Bill.com, it’s a one-click operation.”

—Jurie Victor, Finance Manager at Spikeball™
