

FACULTY POSITION IN OPERATIONS MANAGEMENT AT ESSEC BUSINESS SCHOOL

The **Operations Management Department** at ESSEC Business School invites applications for a **tenure-track** position for its **Cergy campus** (near Paris, France), with a start date of **Fall 2024** (earlier or delayed start date is possible based on the candidate's circumstances). Candidates on **all tenure levels are welcome** (assistant, associate, and full professor level).

We accept applications from any field related to operations management, but preference may be given to candidates with expertise in **advanced manufacturing, global transportation, and/or sustainable operations**. Candidates are expected to have a solid understanding of contemporary operations management challenges in companies and other organizations.

ESSEC Business School is ranked consistently by the Financial Times as one of **Europe's ten leading business schools**. Founded in 1907, ESSEC is one of the celebrated 'Grandes Ecoles' in France. It was the first AACSB accredited institution outside the United States and Canada and is also EQUIS and AMBA accredited. Its Master in Management (MiM) program is consistently ranked among the top 5 business programs worldwide by the Financial Times and other ranking institutions.

ESSEC Business School is located on four campuses: Cergy (Paris area, France), La Defense (the business district in Paris), Rabat (Morocco) and in Singapore. It offers education to more than 7.000 students through a variety of programs: Bachelor in Business Administration (BBA), Master in Management (MiM), Global MBA, a large set of specialized master programs (including an Advanced Master in Purchasing and Supply Chain Management), a full Ph.D. track in operations management and operations research, and a variety of executive education programs.

ESSEC Business School offers a dynamic and stimulating research and teaching environment. It provides a number of benefits to operations scholars: the salary is competitive and commensurate with qualifications. The teaching load is relatively low (in particular for assistant professors), support for research and conference attendance is substantial, and we have a regular research seminar in operations management and operations research. In Paris, ESSEC Business School has extensive contacts with the French and European business communities. ESSEC Business School also has a state-of-the-art experimental laboratory on

campus and a business start-up accelerator at its executive campus in La Defense/Paris. More information on ESSEC Business School, its faculty and research can be found on our website at <https://www.essec.edu/en/pages/faculty-and-research/3/>.

Applicants are expected to publish in top-tier international journals and to teach on undergraduate, graduate, and postgraduate level. **Courses can be taught in English** (preferred) or in French. To be considered for the position, candidates must have completed a Ph.D. or be near completion. The applicant must provide evidence of high quality scholarly output that demonstrates potential for publications in top journals of our field. Candidates for an associate or full professor position are expected to have a substantial scholarly research record as evidenced by publication in top-tier journals.

The deadline for application is **30 November 2023**, but the search for candidates continues until the position is filled so we may accept applications posterior to the deadline. We aim to conduct interviews early in 2024. Interested candidates should send (in a single PDF file) a cover letter, a CV containing a short description of research and teaching interests, a complete list of publications, a research statement, a teaching statement, teaching evaluations, and contact information for at least three reference letters to: recruitment_om@essec.edu. For further information on academic matters, prospective candidates are invited to contact **Prof. Felix Papier** (papier@essec.edu).
