Salary Band	£45,000 to £55,000 per annum depending on skills and experience
Line Manager	Head of Development

You need to think creatively, deliver excellent customer experience, care about what you do, make it happen, and enjoy building partnerships.

Working as part of the wider development team taking responsibility for delivering mobile development projects, developing code from scratch or adapting existing code to meet requirements

What we need from you

- To work on mobile apps for iOS and/or Android
- To deploy and submit apps to relevant app stores
- To develop new features based on user testing and customer research
- To work with the rest of the product team taking ideas implemented for website, analysing them and implementing similar approaches in the mobile app
- Take responsibility for developing and testing code following best practises
- To work with designers to ensure the best experience for all phases of the user journey
- To communicate with clients positively and professionally, quickly escalating any potential issues to the management team

Your everyday checklist

- Complete responsibilities effectively
- Work in an agile environment utilising Jira
- Work and communicate effectively with others and test to ensure quality of product(s)
- Remain up-to-date with technical developments and the application to Adactus
- Keep self up to date on relevant technologies
- Ensure client confidentiality is maintained

Have you got what it takes?

- Experience of mobile app development on either iOS or Android
- Xamarin.Native, Xamarin.Forms iOS, Android, .NET, C#
- REST API
- Xcode or Android Studio
- Experience of submitting apps on Google Play and Apple app store
- Experience of working on apps currently available in the app stores
- Git and/or other Source Control systems
- Working in Agile Environment

We would love you to have knowledge in:

- Unit testing and TDD experience
- Performance profiling and optimisation
- MVVM Design patterns
- Azure Pipelines for CI/CD
- Some experience with SQL

We need you to be:

- Results Focused
- Able to self-manage
- Work well in a team
- Think of bigger picture

The job description is not exhaustive, and you will be expected to carry out any other duties as are within the scope, spirit and purpose of the job as requested. Duties and responsibilities may change over time and the job description will be amended accordingly.
