Tom Bradley International Terminal

Terminal 1

### OVERVIEW

As the long-term commercial partner of Los Angeles World Airports (LAWA), URW Airports is playing a pivotal role in the \$20 billion capital improvement program at Los Angeles International Airport (LAX), one of the world's busiest airports.

Working together with the airport and airlines, URW is transforming the experience at Terminals 1, 2, 3, 6, Tom Bradley International Terminal, and the newly opened Bradley West Gates. With different carriers and traveler profiles at every terminal, we take a unique approach to each terminal with a mix of dining, retail, and amenity options to enhance the experience and maximize the return for the airport and operators.

In 2020, URW and LAWA raised the bar on the guest experience with the launch of LAX Order Now, a quick and convenient ordering platform powered by Servy that enables guests to search, discover, and pay for products using their mobile phones. To date, LAX Order Now has become the most commercially successful platform in Servy's global portfolio of 80+ airports. Learn more at [www.LAXordernow.com](http://www.LAXordernow.com).

Looking ahead, LAX is set to welcome the world at major upcoming global events, including the 2026 FIFA World Cup and the 2028 Summer Olympic and Paralympic Games.
