

# FLATTEN™ ANTIFOAM/ DEFOAMER

Similar to Halt®

## PRODUCT BENEFITS

- Flatten is a fast acting antifoaming and defoaming agent for use in agricultural and industrial spray solutions
- Easy to use, it can be applied to spray solutions in a premix application or added while a tank is being filled to control foam formation or existing foam.

## PRODUCT SPECIFICATIONS

### PACKAGING

10 L jugs (x2)

### RATES

- Use Flatten at 10 – 50 ml per 100L of solution. adjust the amount used according to individual conditions
- In situations where foam develops after the fluid level drops, stop agitation and add the recommended dosage of Flatten. It may be necessary in some cases to use higher rate
- The effective concentration of Flatten depends directly on temperature, composition, viscosity, agitation, and other conditions; therefore rates may require adjustment for the most effective dosage
