

Environmental Policy

We are Committed to Sustainable Operations

NDT Global is committed to making positive contributions to environmental sustainability and preventing environmental harm in all areas of the business. The NDT Global management team strives to develop sustainable programs to benefit both the environment and future generations. Continual improvement in environmental performance is encouraged and achieved by setting objectives, measuring progress, and communicating results. NDT Global shall respond to the environmental challenges in all areas of the business.

Our commitment is achieved by the following:

- Comply with environmental laws, regulations, and industry codes of practice
- Strive for continuous improvement through setting targets, monitoring performance and alignment with our future corporate strategies
- Maintain and continually improve our environmental management system
- Provide the financial and physical resources required to achieve our goals
- Identify the environmental aspects and impacts of our operations
- Conduct regular internal environmental compliance audits
- Commitment to a Beyond Zero Harm philosophy

- Provide training and information to personnel to prevent pollution and how to respond to environmental incidents
- Ensure all employees, contractors and external suppliers are aware of, and have the necessary skills to fulfil their environmental obligations
- Promote products or services which reduce the demand on natural resources or energy
- Review energy usage to improve sustainability of our operations
- Strive to conserve resources, reduce waste, and eliminate or minimise adverse environmental effects and risks that may be associated with our services and operations
- Review and revise practices to ensure efficient management of our environmental impacts and compliance with the environmental policy, legislation, and standards

It is the individual responsibility of all NDT Global employees to support and apply the environmental policy as it pertains to their activities. This policy is available to interested parties as appropriate.
