

Introducing the new-and-improved grocery-style FISH of Vancouver Food Pantry!

On April 4, 2022, FISH reopened its doors to shoppers after over two years of operating under our low-contact, Covid-safe model. Our new model provides our guests with a dignified, efficient system much like a grocery store that allows shoppers to browse and select foods that meet their needs best.

Once per month, our visitors are invited to shop for pantry staples in “Cannery Row” where we keep nonperishable items like canned fruits and vegetables, dried beans and rice, breakfast foods, snacks and more. We also invite our guests to return once per week to shop for supplemental items which include fresh produce, dairy products, frozen meat, and bread.

Introducing FISH on the Move!

In June of 2022, we inaugurated Vancouver’s only mobile food pantry, FISH on the Move! Our team spent Fridays throughout the summer providing a variety of locations with access to the same nonperishable and fresh foods we offer in our brick-and-mortar pantry.

FISH on the Move plans on operating from April-November 2023. Please check our website for updates on this project!
