

SLIDE PLATFORM 1800

Intended user age: 5-12

PRODUCT INFORMATION

ASTM F1487

The Slide Platform 1800 is a great way to incorporate a slide into your senior adventure playground area. The triangular slide platform shape means there are three routes of access and egress. One side is a slide (choose plastic or stainless steel), one side has angled notched logs and one side has a log and rope.

* STAINLESS STEEL CONFIGURATION SHOWN, PLASTIC SLIDE AVAILABLE.

Maximum height: 15'-9"
Maximum fall height: 6'-0"
Area of Safety Surfacing: 593 ft²

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
