

MOUNTAIN CABIN PLAY HUT

Intended user age: 2-5

PRODUCT INFORMATION

ASTM F1487

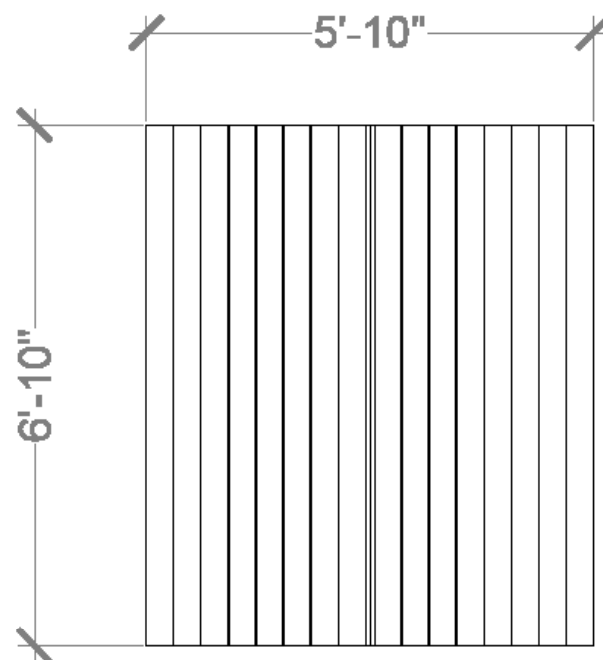

The Mountain Cabin Play Hut has a more traditional architectural design, with excellent visibility and flexibility. Fully open on front and back, this playhouse has two interior live-edge benches to encourage social play. This junior playground product offers visibility at window height, allowing children to quietly observe other parts of the playground from inside the hut.

Maximum height: 5'10"

Fall height: N/A

Area of Safety Surfacing: N/A

The highest designated play surface and space required are according to ASTM F1487.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
