

PRODUCT INFORMATION

CSA Z614

Log Tangle 2.1 has low levels but high challenge play opportunities in this accessible playground equipment that will help children build confidence and assess risk. A flexform sling seat with small holes that help children pull themselves up provides an accessible route from a transfer bench to the platform with a slide.

Maximum height: 4.6 m
 Maximum fall height: 1.7 m
 Area of Safety Surfacing: 90.2 m²

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
