

SINGLE HAMMOCK - STANDARD

Intended user age: 2-12

PRODUCT INFORMATION

ASTM F1487

The Single Hammock is a great add-on to a playground. The Single Hammock is comfortable and comes with either a flexform or net base on which to sit / lie down. It provides a different type of swinging experience with its larger surface area, as older children and/or adults can position their bodies in a more unique way than on a traditional swing.

Maximum height: 6'0"
Maximum fall height: 3'4"
Area of Safety Surfacing: 388 ft²
User Capacity: 1

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment, please contact Earthscape Collections at collections@earthscapeplay.com
