

PRODUCT INFORMATION

CSA Z614

Log Tangle 3.1 packs a lot of play value into this playground equipment! Passive play elements, like the magnetic beads are balanced with active play options on this natural playground. While some parts of the play structure may appear to have an obvious purpose, children will find creative nature play on the ropes and logs.

Maximum height: 4.8 m
 Maximum fall height: 2.8 m
 Area of Safety Surfacing: 112.9 m²

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
