

LOG TOWER 3

Intended user age: 5-12

PRODUCT INFORMATION

ASTM F1487

The Log Tower 3 is a fantastic playground tower addition to any natural playground. As a playground structure, it is fully transparent. This piece of playground equipment gives the unusual sense of suspension at heights. Children who have climbed to the top level are rewarded with a fun and fast exit down the 10 foot slide.

Maximum height: 23'-11"
Fall height: 10'-1"
Area of Safety Surfacing: Varies based on configuration

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
