

PRODUCT INFORMATION

CSA Z614

Kids can scramble up high or crouch down low under the shade of the Leaf Climber. The two angled leaves offer climbing, sliding, perching, and leaping surfaces. Accessed from a cluster of Log Steppers, the Leaf Climber gives children the chance to play at heights and interact with playmates who aren't comfortable climbing.

Maximum height: 3.05 m
Maximum fall height: 1.8 m
Area of Safety Surfacing: 44 m²
User Capacity: 18

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment, please contact Earthscape Collections at collections@earthscapeplay.com
