

WOBBLE BOARD - HEXY SMALL

Intended user age: 5-12

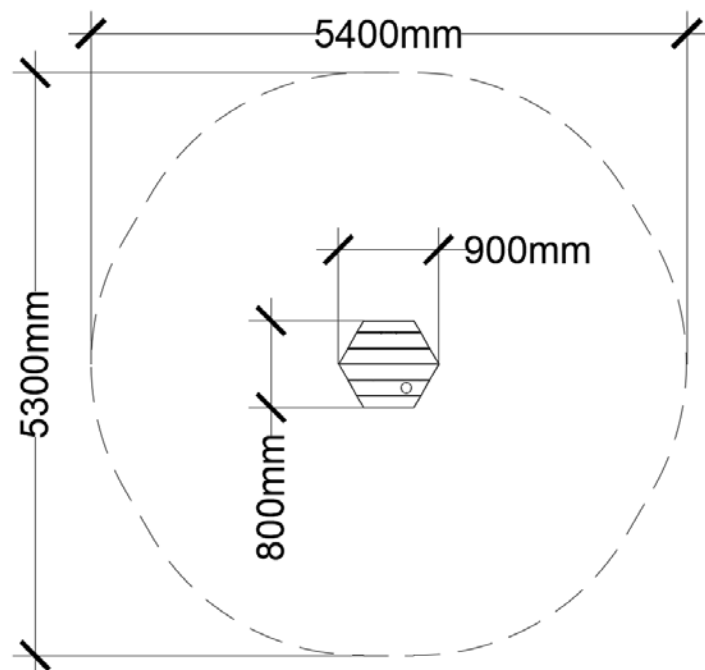

PRODUCT INFORMATION

CSA Z614

The small Hexy Wobble Board is a versatile take on rocking playground equipment that lets users sit or stand while wobbling, creating motion by their own body movements. The flat balancing surface on the small Hexy Wobble Board for kinetic play is hexagon-shaped and supported by three springs for multidirectional rocking.

Maximum height: 370 mm
Fall height: 370 mm
Area of Safety Surfacing: 22.6 m²

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
