

PRODUCT INFORMATION

CSA Z614

Stepper Clusters are incredibly fun and versatile natural playground pieces that offer many types of play. Stepper Cluster S2 is the second smallest configuration with two central posts and a maximum stepper height of 2 feet (600mm). The size of Stepper Cluster S2 is perfect for young children as they explore new terrain.

Maximum height: 2.4 m
 Maximum fall height: 600 mm
 Area of Safety Surfacing: 29.0 m²

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
