

## PRODUCT INFORMATION

CSA Z614

Log Jam M7 is a very popular medium sized Log Jam with one large net and several rope connections. At one end, lower beams are appropriate for children who are not ready for heights. At the other, higher beams will challenge children to assess their risk tolerance. Log Jam M7 can easily accommodate 12-15 children at once.

Maximum height: 3.7 m  
 Fall height: 2.9 m  
 Area of Safety Surfacing: 88.1 m<sup>2</sup>

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
