

STEPPER CLUSTER M4

Intended user age: 2-5

PRODUCT INFORMATION

ASTM F1487

Stepper Clusters are incredibly fun and versatile natural playground pieces that offer many types of play. Stepper Cluster M4 is a mid-sized Stepper Cluster configuration. It has four central posts and while the steppers around the perimeter of the structure have a maximum height of 1.5 feet, the centre steppers go up to 2 feet (600mm).

Maximum height: 9'-0"
Maximum fall height: 2'-0"
Area of Safety Surfacing: 376 ft²

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
