

SINGLE HAMMOCK - SMALL

Intended user age: 18m-12y

PRODUCT INFORMATION

CSA Z614

The Single Hammock Small has been specifically designed for younger children to discover, and is the perfect addition to a junior play area. One side is higher than the other, to mimic the slight incline of a bed with a pillow within the use of angled flexform, and the hammock can be rocked side-to-side, creating a comforting, rhythmic motion.

Maximum height: 1.2 m
Maximum fall height: 910 mm
Area of Safety Surfacing: 27.0 m²
User Capacity: 1

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.
