

## PRODUCT INFORMATION

CSA Z614

Circular in design, the S6 Log Jam climber is very compact, allowing the user to climb around higher and higher! For older children and teens, the top beams are a fun spot to hangout and socialize with a birds eye view of the surrounding space. The S6 can be sited on its own or combined with other playground structures.

Maximum height: 5.5 m  
Fall height: 2.1 m  
Area of Safety Surfacing: 42.2 m<sup>2</sup>

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
