

LOG TANGLE 4.1

Intended user age: 5-12

PRODUCT INFORMATION

ASTM F1487

Log Tangle 4.1 incorporates four elevated triangular platforms (three high and one low) with unique connections between each. This Log Tangle offers a myriad of play opportunities. Climbing, sliding, traversing, balancing, and crawling are all possibilities on this large log climber play structure.

Maximum height: 15'-9"
Maximum fall height: 6'-0"
Area of Safety Surfacing: 1623 ft²

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
