

STEPPER CLUSTER S2

Intended user age: 2-5

PRODUCT INFORMATION

ASTM F1487

Stepper Clusters are incredibly fun and versatile natural playground pieces that offer many types of play. Stepper Cluster S2 is the second smallest configuration with two central posts and a maximum stepper height of 2 feet (600mm). The size of Stepper Cluster S2 is perfect for young children as they explore new terrain.

Maximum height: 9'-0"
Maximum fall height: 3'-0"
Area of Safety Surfacing: 313 ft²

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
