

# STEPPER CLUSTER L3

Intended user age: 5-12

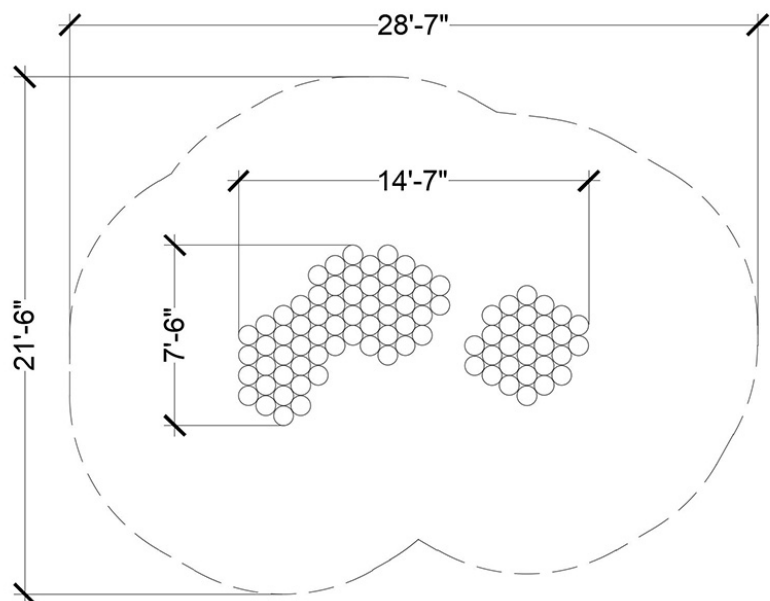

## PRODUCT INFORMATION

ASTM F1487

Stepper Clusters are incredibly fun and versatile natural playground pieces that offer many types of play. Stepper Cluster L3 is the second largest Stepper Cluster configuration. It has three central posts and a maximum climbing height of 3 feet (900mm). The L3 structure is made of two Stepper Clusters that are functionally linked.

Maximum height: 9'-0"  
Maximum fall height: 3'-0"  
Area of Safety Surfacing: 481 ft<sup>2</sup>

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
