

PRODUCT INFORMATION

CSA Z614

The S4 Log Jam is a small, square shaped structure with one small net and beams that are lower to the ground. It is a great introductory piece and may be a stand alone structure or one that compliments a larger Log Jam for more adventurous kids.

Maximum height: 2.5 m
Fall height: 1.4 m
Area of Safety Surfacing: 37.4 m²

The highest designated play surface and space required are according to CSA Z614. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
