

TIMBER TOWER 2

Intended user age: 5-12

PRODUCT INFORMATION

ASTM F1487

The 2 Level Timber Tower is a high play-value centrepiece for any playground. It has a modern design, and packs a lot of vertical play in a small footprint. The second level opens up options for a number of configurations, while adding a boost in height.

Maximum height: 24'
Practical fall height: 6'-8"
Area of Safety Surfacing: Varies based on configuration

The highest designated play surface and space required are according to ASTM F1487. A buffer is included in the fall zone to account for fabrication and material variations.

Resilient safety surfacing is required within the fall zone of equipment.

If you have questions about the equipment or require changes, please contact Earthscape at 1-877-269-2972.
