WHO WE ARE

Our Story

Founded in 2010

By Ms. Angelina Nyajima, HRSS is a registered national NGO in South Sudan, operating under the NGO Act 2016.

Women-led

Organization championing gender equality and human rights.

Presence in 5 States

and 2 Administrative Areas with 10 field offices across South Sudan.

Holistic approach:

Integrating emergency response with long-term development to build lasting resilience.

VISION

A society where there is respect, justice and people enjoy dignified lives

MISSION

Secure livelihoods & security of communities while empowering women & girls

REGISTRATION

RRC Reg. No. 138, Registered with Relief & Rehabilitation Commission, South Sudan

THE CONTEXT: WHY SOUTH SUDAN NEEDS YOUR SUPPORT

Protracted Conflict

Decades of civil war and political instability have left millions displaced, traumatized, and cut off from basic services. Ongoing violence continues to uproot communities.

Climate Shocks

Devastating floods, droughts, and unpredictable rains destroy crops and livelihoods yearly, pushing already-vulnerable families deeper into crisis.

Gender Inequality

South Sudan has among the world's highest rates of gender-based violence and child marriage, severely limiting women's and girls' potential.

Reduced Aid Funding

Global funding cuts are shrinking the humanitarian response just as needs are growing, creating a critical gap that local organizations must fill.

Dire Humanitarian Need

Millions face food insecurity, lack healthcare, clean water, and education — the conditions for human dignity are absent for too many.

Local Actors are the Answer

International evidence shows locally-led organizations are more effective, trusted, cost-efficient, and sustainable, HRSS is proof and has worked with UN agencies and international organizations to deliver humanitarian services to vulnerable people in South Sudan.

GENDER-BASED VIOLENCE PREVENTION & RESPONSE (GBV)

Empowering Women & Girls to Live Free from Violence

HRSS operates 5 Women and Girls' Friendly Spaces (WGFS) safe, inclusive hubs for trauma healing, skills training, legal aid, psycho-social support, and economic empowerment. In FY2023-2025 alone, over 69,000 women and girls accessed these transformative services.

Our approach is survivor-centered, community-rooted, and holistic approach addressing violence, its causes, and its consequences all at once.

Goal by 2028:

WOMEN'S ECONOMIC EMPOWERMENT & LIVELIHOODS

Through Hope Restoration South Sudan (HRSS) Women and Girls' Friendly Spaces across our field locations, we have provided vocational skills training and economic empowerment opportunities to women and girls, reaching over 15,000 beneficiaries with financial literacy through Village Savings and Loan Associations (VSLAs).

" lives have changed through the opportunities provided. Women have gained the skills, confidence, and financial knowledge needed to support their selves and families. Doors to independence and self-sufficiency have been opened in ways we never thought possible.
