

CAMPAIGN ACTION TEM'PLATE'

- Photocopy one plate per person, or use scrap paper to make your own.*
- When everyone has written their message, arrange the plates and take a photo.
- Send us your photos or tweet them to us **@CAFODSchools** and fill in the online form at **cafod.org.uk/schools** telling us how many took action so that we can tell the government that young people all over England and Wales want a fairer food system.

*Alternatively, each person can write their own message on a 'broken' piece, then reassemble the plates before photographing. An adapted version of the template is on our website.

EXTRA RESOURCES

An adapted version of this template, and other resources, including an animation, a workshop, prayer, case study and details of what we are asking the government are at: **cafod.org.uk/secondary**
