

This week's Big Questions

Introduction

Below are a few questions for those who want to think more deeply about this week's theme

When you have considered the questions, can you find a way to share your thoughts with someone else - or even with lots of someone else's? You could do a blog or vlog, write a song or a poem, send a tweet... or simply phone a friend. Your call!

- What do you hope the world will be like in twenty years' time?
- How might it be different because of the pandemic we have all been through?
- What opportunities might be missed if we aim just to go back to 'normal'?
- Imagine you have limited access to education, clean water and nourishing food. In what ways might your future be different if you gained unlimited access to one of these three?

My notes:
