## Resources for home learning – reflective activities

### **Reflection:**

In the story of the feeding of the 5000, Jesus turns five loaves and two fish into enough food for a great crowd.

Reflect on how much we have to eat. Think about the questions below:

Are there any ways we can help those who do not have their fair share?

How can we live as family and community with our neighbours, locally and globally?

Are we generous in our sharing?

Do we ever think about how our food is produced?

Are we wasteful?
