

INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Directors and Management Tether Holdings Limited

We have examined the assertions by the management of Tether Holdings Limited that its Consolidated Reserves Report as of 31 December 2021 at 11:59 PM UTC (the “CRR”), a copy of which has been included in **Appendix 1** to this report, is correctly stated based on the balances set out therein.

Opinion

In our opinion, the CRR as prepared by the management of Tether Holdings Limited group as of 31 December 2021 at 11:59 PM UTC, is presented in accordance with the criteria set out therein and is, in all material respects, fairly stated.

Our findings as of 31 December 2021, at 11:59 PM UTC are:

- Consolidated total assets amount to at least USD 78,675,642,677 which is correctly classified as set out in the CRR.
- Consolidated total liabilities amount to USD 78,538,305,451 of which USD 78,480,852,949 relates to digital tokens issued.
- The group's consolidated assets exceed its consolidated liabilities.
- The group's reserves held for its digital assets issued exceeds the amount required to redeem the digital asset tokens issued.

Basis for Opinion

We believe that the evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our assurance opinion.

We conducted our attestation engagement in accordance with the:

- International Standard on Assurance Engagements (ISAE 3000 (Revised))
- International System for Quality Control (ISQC 1)
- International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) under which our responsibilities include being independent of Tether Holdings Limited group, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Those standards require that we plan and perform the attestation examination to obtain reasonable assurance about whether the assertions by the management of Tether Holdings Limited in its CRR are fairly stated, based on our investigation of the balances set out therein, in all material respects. An assurance engagement involves performing procedures to obtain reasonable evidence about the CRR.

Our opinion is limited solely to the CRR and the corresponding consolidated total assets and consolidated total liabilities as of 31 December 2021, at 11:59 PM UTC. Activity prior to and after this time and date was not considered when testing the balances and information described above. In addition, we have not performed any procedures or provided any level of assurance on the financial or non-financial activity on dates or times other than that noted within this report.

The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the CRR, whether due to fraud or error. In making an assessment of the risks of material misstatement, we considered and obtained an understanding of internal controls relevant to the preparation of the CRR in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such internal controls. Accordingly, no such opinion is expressed.

Tether Holdings Limited's management is responsible for its assertions in its CRR that relate to Tether Holding Limited's consolidated assets to back its consolidated liabilities issued, including the consolidated liabilities for the digital assets issued, as well as other assets and liabilities of the group.

The Notes to the CRR included in **Appendix 2** are provided by management of Tether Holdings Limited for additional information only, and this information has not been subject to the scope of our assurance engagement and, accordingly, we do not express an opinion or provide any assurance on it.

Emphasis of Matter

As described in the accompanying CRR:

- The reporting date is limited to a point in time as of 31 December 2021 at 11:59 PM UTC.
- At the reporting date, Tether Holdings Limited is the defendant in three ongoing legal cases, the outcome of which cannot yet be reasonably reliably estimated by management, and any contingent liability has not been accrued.
- Management's accounting policy is to value:
 - Investments in financial assets and financial liabilities are valued at fair value through profit and loss.
 - Investments in precious metals are valued at fair value through profit and loss.
 - Intangible digital assets and digital liabilities are valued at cost less any impairment.
 - Liabilities for tokens in issue are valued at the contractual redemption value as if redeemed at the financial reporting date.
 - Other assets and other liabilities are valued at historic cost plus any accrued interest and less any expected credit losses.

The realisable value of these assets and liabilities could be materially different if any key custodian or counterparty incurs credit losses or substantial illiquidity.

- The digital assets issued by the Tether Holdings Limited group of companies allow holders to transact and settle transactions in a rapid manner, which can be pseudonymous, and pseudonymously verified by the sender and recipient. The digital asset industry is innovating rapidly, with a trend lowering cost, increasing accessibility and adoption. However, any users of digital assets, including those issued by the Tether Holding Limited group, should firstly inform themselves of the general risks and uncertainties, including evolving legal and regulatory requirements.

Our opinion is not modified in respect of these matters.

MHA Cayman

APPENDIX 1

Consolidated Reserves Report (the “CRR”)

Prepared by Tether Holdings Limited

As of 31 December 2021, at 11:59 UTC

CONSOLIDATED RESERVES REPORT

The Management of Tether Holdings Limited (the “Company”) asserts the following as of 31 December 2021 at 11:59 PM UTC:

- Consolidated total assets amount to at least US\$78,675,642,677.
- Consolidated total liabilities amount to US\$78,538,305,451, of which US\$78,480,852,949¹ relates to digital tokens issued.²
- The consolidated group’s consolidated assets exceed its consolidated liabilities.
- The consolidated group’s reserves held for the digital tokens issued exceeds the amount required to redeem the digital tokens issued.

MANAGEMENT’S KEY ACCOUNTING POLICIES:

- Digital assets—save and except for the consolidated group’s digital tokens issued—are valued at the lower of cost or fair market value.
- Gold is valued at fair market value.
- Other assets and liabilities are valued at cost plus any accrued interest or, otherwise, the redemption value, where applicable.
- This report includes financial information for and in respect of the Company and its wholly-owned subsidiaries in the British Virgin Islands and Hong Kong.

OTHER INFORMATION:

- *Reporting Date:* The reporting date is limited to a point in time as of 31 December 2021 at 11:59 PM UTC.
- *Outstanding Litigation:* At the reporting date, the Company and/or members of the consolidated group are defendants in three ongoing civil litigation proceedings, the outcomes of which cannot yet be reasonably reliably estimated by management. Any contingent liability in respect of these proceedings has not been accrued.

¹ The consolidated liabilities related to digital tokens issued comprises the consolidated amount related to the total digital tokens issued less digital tokens held by the group but not in its treasury wallet. Digital tokens in the treasury wallet are authorised but not yet issued and are not considered liabilities of the group. The total consolidated liability related to all digital tokens issued, including those held by the group, is equal to US\$78,513,260,433. The consolidated amount related to digital tokens held by the group but not in its treasury wallet is equal to US\$32,407,484. The consolidated digital tokens held by the group do not form any part of the consolidated assets or liabilities of the group.

² The consolidated group’s transparency page is published daily and updated at least once per day. Accordingly, from time to time, there may be a delay between issuances and the information available on the transparency page. On the reporting date, there are no issuances that are not reflected on the transparency page.

- *Asset Breakdown:* At the reporting date, the breakdown of the minimum consolidated total assets is as follows:

Cash & Cash Equivalents & Other Short-Term Deposits & Commercial Paper:	
Commercial Paper and Certificates of Deposit ³	\$24,165,815,363
Cash & Bank Deposits ⁴	\$4,187,004,507
Reverse Repo Notes ⁵	\$0
Money Market Funds ⁶	\$3,000,083,600
Treasury Bills ⁷	\$34,527,886,113
Subtotal	\$65,880,789,583
Secured Loans (none to affiliated entities)	\$4,142,957,365
Corporate Bonds, Funds & Precious Metals	\$3,628,506,483
Other Investments (including digital tokens)	\$5,023,389,246
Total	\$78,675,642,677

- *Commercial Paper & Certificates of Deposit:* At the reporting date, the rating⁸ of the commercial paper and certificates of deposit held in the minimum consolidated total assets is as follows:

A-1+	\$624,543,913
A-1	\$11,179,003,365
A-2	\$11,812,399,062
A-3	\$245,016,635
Other	\$304,852,388
Total	\$24,165,815,363

³ Commercial paper & certificates of deposit comprises commercial paper (short-term debt issued by corporations) and certificates of deposit (negotiable short-term deposits issued by financial institutions). The average duration of items in this category is 80 days and the average rating is A-2.

⁴ Cash & bank deposits comprises: cash deposits at financial institutions and call deposits, i.e., deposits that may be withdrawn with two days' notice or less; fiduciary deposits, i.e., deposits made by banks on behalf of and for the benefit of members of the consolidated group; and, term deposits, i.e., deposits placed by members of the consolidated group at its banks for a fixed term.

⁵ Reverse repo notes comprises reverse-repurchase agreements that have been entered into by means of the purchase of structured notes or fund vehicles whose ultimate issuer or guarantor has a rating of A-2 or better.

⁶ Money market funds comprises funds investing in highly liquid, short-term money market instruments, including but not limited to deposits, treasury bills, commercial paper, and reverse-repurchase agreements.

⁷ Treasury bills comprises U.S. treasury bills with a maturity of less than 90 days.

⁸ All references to credit ratings refer to Standard & Poor's ratings, or equivalent ratings by Moody's, Fitch, or other Nationally Recognized Statistical Rating Organization, as defined by the U.S. Securities and Exchange Commission.

At the reporting date, the breakdown of the maturity of the commercial paper and certificates of deposit held in the minimum consolidated total assets is as follows:

0–90 days	\$13,396,796,430
91–180 days	\$9,945,248,435
181–365 days	\$823,770,498
Total	\$24,165,815,363

- *Risks Associated with Digital Tokens:* The digital tokens issued by the consolidated group allow holders to transact and settle transactions in a rapid manner, which may be pseudonymous, and may be verified by the sender and the recipient. The digital asset industry is nascent and innovating rapidly. Accordingly, any users of digital assets, including those tokens issued by the consolidated group, should first inform themselves of the general risks and uncertainties of the industry, including as to evolving legal and regulatory requirements. Users of Tether tokens should familiarize themselves with the risk disclosures, as they may be changed and updated from time to time, available at the “Risk Disclosure Statement” tabs at <https://tether.to/legal/> and <https://gold.tether.to/legal>.
- *Tether Gold:* Tether Gold (XAU \textsterling) tokens are digital tokens that represent ownership of physical gold. Holders of XAU \textsterling tokens have undivided ownership rights to gold on specified gold bars. A member of the consolidated group is the issuer of the XAU \textsterling tokens and the representative of the token holders with the custodian. XAU \textsterling s are issued to a token holder upon or shortly following receipt of the gold by the custodian. Accordingly, the gold in respect of issued XAU \textsterling tokens is held in the consolidated group’s reserves for a short period of time between purchase of the gold and the issuance of the XAU \textsterling tokens. At the reporting date, there were 64,454.131 fine troy ounces of such gold with a fair market value equal to US\$117,899,929. XAU \textsterling tokens that are available for sale to users, but not yet sold to them, are included in the consolidated group’s asset reserves.⁹

Authorised and approved by the Board of Directors on 19 February 2022 and signed by:

JL van der Velde

⁹ At the reporting date, there are 165,834.759 XAU \textsterling tokens that have been issued, 123,170.9193 of which have been sold and 42,663.8397 of which are ready for sale. The custodian holds 165,834.759 fine troy ounces of gold in respect of the XAU \textsterling tokens. The fair market value of the gold held by the custodian in respect of the XAU \textsterling tokens that have been sold is equal to US\$225,304,246. The fair market value of the gold held by the custodian for XAU \textsterling tokens ready for sale is equal to US\$78,040,696.

APPENDIX 2

Notes to the Consolidated Reserves Report
(no assurance provided by the independent accountant on these notes)

Prepared by Tether Holdings Limited

As of 31 December 2021, at 11:59 UTC

NOTES TO THE CONSOLIDATED RESERVES REPORT
(NO ASSURANCE PROVIDED BY THE INDEPENDENT ACCOUNTANT ON THESE NOTES)

1. BACKGROUND INFORMATION:

- 1.1. The Company is a British Virgin Island company. Tether Limited, a member of the consolidated group, is registered as a Money Services Business with the Financial Crimes Enforcement Network of the U.S. Department of the Treasury. Members of the consolidated group make reports to the BVI's Financial Investigation Agency pursuant to applicable law.
- 1.2. Tether Tokens are stablecoin utility tokens that facilitate commercial transactions and activity in various marketplaces. As of the reporting date, Tether tokens are available on 9 discrete blockchains,¹⁰ all as approved by the consolidated group. The total number of authorised and issued tokens is made publicly available by the consolidated group. All Tether tokens are backed by an equivalent amount of assets held in reserves by the consolidated group. The use of Tether tokens is governed by Tether's terms of service, as they may be changed and updated from time to time, available at <https://tether.to/legal/>, provided that the use of XAU₯ tokens is governed by Tether Gold's gold token terms of sale and service, as they may be changed and updated from time to time, available at <https://gold.tether.to/legal>.

¹⁰ Tether tokens are currently issued on the Ethereum, Tron, EOS, Liquid, Algorand, SLP, Solana, Avalanche, and Omni layer (Bitcoin) blockchains.
