Events On Res

There's always a lot going on at Res, with events and activities organised by DRS (via your Res Leaders or Campus Life Staff), but also through the wider University. All DRS events are promoted via the DRS Campus Facebook Pages (by invitation only) and/or the Events section of your Residence Portal.

Important Note: All events and activities organised and approved by DRS must abide by and adhere to the following guidelines:

- Alcohol is not provided by DRS at any sanctioned on-campus event or activity
- Alcohol is not to be consumed at any event or activity unless approved prior by the General Manager or Campus Life staff.
- Alcohol is not to be used as a draw-card for activities or events.

Events or activities which do not meet these requirements will not be permitted. A breach of these rules will result in the cessation of the event or activity and disciplinary action. Cancellation fees may apply.

If you wish to hold an event or similar activity with more than 10 people present you must first seek the approval of DRS. Disciplinary action may apply if you engage in unapproved or unsanctioned events or activities within the residential precinct. Contact Campus Life staff for further information.

Fees + Payment

You are required to pay all residence fees and charges as set out in your Agreement. This means that residence fee instalments must be paid on or prior to the due dates. Rental charges are charged monthly and paid in advance. Invoices and statements are emailed to the nominated billing email and should be retained in case of queries.

Our preferred payment options are:

- Residence Portal Payment
- BPAY from a nominated cheque, savings or credit card account. See bpay.com.au for more information
- EFTPOS at Reception

Note: Cash is not accepted at any Residential Office.

If rental payments are late you may be in breach of your Agreement. If rent is 14 days or more overdue you may be issued a Notice to Vacate. Your Agreement may also be terminated. Failure to pay fees will further result in an encumbrance on your University account until the debt is cleared. This will result in you not being able to re-enrol or access your academic results.

If you are experiencing difficulty paying your fees, please speak with Reception before fees are due so that a payment plan can be discussed.

Please note: Breaches of this noise policy may incur a fine at staff discretion.

Cleanliness

DRS employs cleaning staff to clean the common areas of all residences.

A cleaner or DRS staff may, at any time, determine that a room, unit or common area is in such a condition that it makes cleaning impossible to complete or that levels of cleanliness are unacceptable. In this situation, DRS staff will contact members of the room/unit who will be advised that are required to tidy up the area to an acceptable standard.

Damage and Vandalism

Property damage and/or vandalism must be reported immediately to Reception. If you are responsible for the damage, you will be liable for the cost of repairs or replacement of any part of the residence, fitting, fixtures and furnishings, gardens or to any item provided by the University, excluding defects and damages caused by fair wear.

You are also liable for damage caused by any visitor or guest invited into the residence. DRS will determine the cost of the repairs and undertake the work required.

You are not permitted to make any alterations to rooms or units. This includes inscribing, affixing or allowing any items (writing, signs, or similar) to be placed on any part of the unit that may cause damage. Posters may be placed on walls in common areas with removable adhesive.

Where damage to any common room or area occur, including shared kitchens, bathrooms, lounge, hallways, walls, or windows, cannot be attributed to an individual(s), all occupants of the unit and/or other persons in attendance may be charged a portion that is considered fair and reasonable according to the General Manager. As DRS does not charge a bond, any costs for repair work will be directly invoiced to the resident(s) after consultation.

In the case where no individual is identified, the General Manager reserves the right to divide the cost between all occupants of the unit involved.

Deodorant, hair spray, hair dryers, aerosols, hair straighteners, and cooking equipment (toasters, hot water jugs, air-fryers, rice cookers, microwave ovens etc.) are not to be used in bedrooms. Residents of self-contained studio rooms may cook in their rooms using the provided appliances only. Candles, incense and sparklers are prohibited. General Managers reserve the right to confiscate any unauthorized equipment. For more information regarding Evacuation see Emergency Procedures.

Sexual harassment, harassment, bullying and discrimination are unlawful under State and Federal laws. Deakin values and respects the diversity of people and culture and believes this enhances the community. Any unwelcome communication or conduct of sexual or other nature of any kind (face to face or online) which makes the recipient feel offended, humiliated and/or intimidated should be reported through a Residential Leader or staff member.

Sexual Harm (Assault and Harassment)

Deakin is committed to providing a safe and respectful learning and working environment for all students and staff. Sexual assault is any unwanted sexual behaviour that you have not agreed to. It can take many forms, ranging from touching, exposure to sexual acts, sexual images taken without consent to any form of sexual penetration. Sexual assault is a crime that can happen to anyone, of any age, sexual orientation, gender, cultural background or religious belief. Sexual harassment or assault is never the fault or responsibility of the victim/survivor.

Sexual assault is misuse of power and violates personal boundaries. It is not your fault. It doesn't matter if the assault happened recently or a long time ago; whether you're a student or staff member; the assault occurred on campus, at a University event, during a placement, or in your personal life away from the University - support is always available. Deakin has no tolerance for sexual assault or harassment.

Comprehensive information on:

- how to report,
- what to expect when reporting,
- and how to support someone else is available on our [Safer Community website](#).

To report sexual harassment or assault and/or access support, contact Safer Community Service (Monday to Friday, 9am–5pm) on +61 3 9244 3734 or at safercommunity@deakin.edu.au.

Note: Safer Community is NOT an emergency response service. Please contact DRS, Deakin Security or 000 for an emergency response. You also have the option of making a report and/or receiving support from [DRS staff](#).

Alternatively you can contact **off-campus specialist services** at any time, any day:

Rules apply regarding visitors and guests to the residential precinct.

Privacy and Notice

Access to Units or Rooms

DRS staff may enter your private room with a minimum of 24 hours' notice.

This notice period is not required if any of the following conditions apply:

- There has been a clear indication or reasonable grounds to believe that there is a likelihood of risk to yourself, another student or University property.
- You have been reported as missing for an extended period of time and have not advised Reception of your intended absence.
- There has been a violation of the rules outlined in your Agreement, the Resident Handbook, University guidelines, policies or procedures, or state/federal law.
- Scheduled, requested or emergency cleaning or maintenance of the room or unit is required.

By completing a maintenance request you agree to maintenance/staff entering your unit/room to follow up the request. Staff will contact you to arrange a mutually suitable time where possible.

Regular room inspections are also conducted throughout the year. You will receive notification prior to these being conducted.

If your room or unit has to be entered by contractors/staff they should be wearing identification. You should ask contractors or staff to produce ID before they enter the room if none is displayed. If staff or contractors are unable to produce ID, you may refuse to let them enter. You should contact Reception if you feel uncomfortable with anyone entering your room/unit.

Privacy of Information

Your confidential information is stored, used and disclosed in accordance with current Victorian legislation. We will not disclose your address, telephone or contact details to the general public. We cannot share or discuss your details with any person, even a family member, without your written consent.

By signing your Agreement, you consent to the following:

1. The use and publication of your name, photograph or video footage, both hard copy and electronically, in University promotional materials regarding residences. You may choose not to give consent by notifying the General Manager in writing. No penalty or disadvantage will be incurred should you choose to take this action.
2. The use of your personal information within the meaning of expression in the Information Privacy Act 2000 and Health Records Act 2001, in the administration of the residence.

For more information, please see University policies and procedures relating to ['Privacy'](#). If you have any concerns regarding privacy, please contact drsprivacy@deakin.edu.au

Conflict Resolution

Communal living is a great opportunity to enhance your collaboration skills and help prepare yourself for life beyond graduation and into the workforce. A small minority of residents can, at times, experience grievances with their neighbours.

Disagreements with neighbours are best dealt with by following the following steps;

1. Speak to the person your grievance is with as they may not know how you're feeling. It's a good idea to talk through your expectations of communal living and come to a mutual understanding.
2. Speak with your RL about neighbourly concerns you may have if an issue persists.

In the event you require further support or if you have other concerns living on campus, you are encouraged to speak with residential Campus Life staff.

Complaints and Suggestions

We value your feedback and conduct a number of formal surveys and evaluations throughout the year seeking your input. If you do wish to provide additional feedback please contact any member of staff from your Campus.

Complaints can also be addressed through the [University's Student Complaints Resolution Policy](#).

In the event you are aggrieved with any decision or mode of acting by a staff member in the enforcement of any conditions of the Licence Agreement or Residential Handbook, the following complaints sequence applies:

1. Contact your General Manager
2. Contact the DRS Chief Executive Officer drsprivacy@deakin.edu.au
3. Follow the formal complaints process

Ongoing eligibility for residences

It's important to remember in considering whether to apply to return in a subsequent year, that we're a popular place, with lots of applications from interested students and limited beds available. As a result, there is no actual or implied obligation for DRS to provide you with accommodation for a subsequent year.

The following page of information should be taken into account when determining your ongoing eligibility to remain or return to Residences.

Ongoing Eligibility Continued

Acceptable Behaviour

We take our rules seriously, and expect you to do the same. If you fail to abide by our rules during your time with us, not only will disciplinary action take place, but you'll risk your chances to returning the following year. Want to increase your chances of spending another fabulous year on campus with us? Be on your best behaviour!

Debt

Nobody likes being out of pocket, so it's important to note that you must settle any outstanding debts owed to DRS prior to your departure and that you won't be eligible to apply to return if you have any outstanding debts. If you have a history of late payments and/or debt accumulation you also reduce your chances. Please note that rent references will not be provided if you have been late to pay rent, or incurred charges or fines.

Academic Progress

Your academic progress is important to us – after all it's the main reason you're here at Deakin! As such, DRS is permitted to access your academic results for the purpose of reselection, academic assistance and the determination of residential awards. As a resident of DRS, you are expected to achieve an acceptable level of academic performance – this means if you fail two or more subjects, you will be contacted by a Campus Life team member prior to the commencement of the trimester to assess your study support requirements. Bear in mind that repeated unacceptable results, or failure to meet with the staff member, may result in you not being permitted to return to residence for the following year.

Only full time students are eligible to live on-campus (excluding at the discretion of the General Manager). If your enrolment status changes from full time to part time you must let us know within two working days of submitting your enrolment variation. The General Manager may, at their discretion, revoke your Licence Agreement in accordance with the Revocation of the Licence Agreement by the University. Residency for students with a part-time study load may be approved in some circumstances.

If you are graduating from your course, withdrawing or deferring from the University, the conditions as outlined in the Revocation of the License Agreement by the Licensee will apply.

Suitability for Residence

A decision about admission or readmission will also be made with consideration given to your compliance with our RESPECT Values, behaviour, wellbeing and any impact upon the residential community.

Departing from residences

Whether you're wanting to leave us early, at the end of your contract but plan to return next year, or are on your way to graduation, take note of the following guidelines regarding departing from residence.

Departing From Residences

Early Departure

If you wish to depart prior to the date on your Agreement due to exceptional circumstances, you will need to complete and submit a Notice to Vacate/Notice to Vacate to Landlord of Rent Premises form to the Residences Office (forms are available from Reception). A meeting with a DRS staff member may be required.

End of Agreement Departure

Your departure date is specified in your Agreement. You must ensure that you have returned all keys and vacated the room and grounds by 10:00am on this date. Late departure fines apply. Short stay accommodation may be available should you wish to stay beyond your Agreement date. Contact Reception for further options.

When checking out, don't forget to:

- Complete a final Room Condition Report.
- Remove all food from shared kitchens, cupboards and bathrooms.
- Leave your room in a suitable condition. Charges may be imposed if you have left your room in an unacceptable state.
- Pay any remaining rent, fees or charges.
- Return your keys.

A Final Farewell

We hate to say goodbye, but if you are leaving us, there are a couple of things we encourage you to do before you depart:

- Stay in touch and update your details with [Deakin Alumni](#).
- Connect with us on [LinkedIn](#), stay connected with current and former residents, and keep up-to-date with latest news from the residential precinct.
- Don't forget us! We love to have past residents come back as guest speakers following their graduation. If you, or someone you know, is doing amazing things, let us know!
- Spread the good word: Loved your time on res? Write us a review on Google. Don't forget to let friends and family know about your experiences. We often have cousins, brothers and sisters of residents all make their way through life on campus and Deakin.
