The interplay of concentration and relaxation endows any event at Blue Lagoon with extraordinary possibilities for productivity, wellbeing and enjoyment. The transition from interior to exterior—from work to play—becomes as simple as entering the lagoon where stress and exhaustion dissolve into the revitalizing warmth of the mineral-rich waters.

Lava Restaurant

Ideal for dining before, during, or after your event, Lava Restaurant serves Icelandic culinary classics created from the finest, freshest local ingredients. With floor-to-ceiling windows and beautiful views of the Blue Lagoon, the restaurant can accommodate groups of all sizes. To simplify the planning process, we offer an irresistible group menu for pre-ordering.

Moss Restaurant

Opened in April, 2018, Moss Restaurant offers 5- and 7-course set menus that take guests on a journey where purity, tradition, and reinvention are the hallmarks of an unforgettable feast. Occupying the highest point at Blue Lagoon Iceland, the restaurant gives diners an unparalleled view of the moss-covered, volcanic landscape. Perfect for small groups, the Moss experience begins in the restaurant's subterranean wine cellar where the centuries-old lava walls are lined with vintages from all over the world.
