

Fees adjusted to Consumer Price Index (CPI)

Each year, ICBC adjusts the fees and benefit limits outlined in the *Insurance Vehicle Regulation* and the *Enhanced Accident Benefit Regulation*, based on the CPI. This year, the CPI increase is four percent, effective for health care services administered on or after April 1, 2024.

The increased fees will be posted in the [ICBC Fee Guide for Health Care Providers](#) on April 1, 2024. Please review closely as there will be other minor updates added.
