Thank you for purchasing Spirent Communications' Basic Support. The specific hardware and software listed in Appendix A shall be entitled to the following support for the term of the agreement:

- **Telephone support** from technical support engineers during regular local business hours.
- **Escalation of service requests** by our technical support engineers.
- **Software and Firmware updates** for the software listed in Appendix A to ensure your system remains current with evolving industry standards (excludes discontinued and obsolete products).
- **Access To Computer Based Training Materials** to help you get the most from using your Spirent products
- **Access to our software download center** on our exclusive online Customer Service Center at <http://support.spirentcom.com> to take advantage of Spirent's continual product improvements.
- **Email notification** of major software releases so you can quickly take advantage of the software fixes and enhancements implemented in the release for increased productivity.
- **Access to latest product documentation** to help you effectively utilize your investment.

**Contact our Customer Service team, or your local distributor,** for any support for products covered by this service agreement. Your serial number is required on all service requests. It is strongly recommended that all individuals associated with this service agreement go to our support website at <http://support.spirentcom.com> and obtain a Customer Service Center (CSC) user account. Further information on the terms and deliverables of this agreement can be found on the CSC website.

### Additional terms of Basic Support are as follows:

1. The standard terms of Spirent's software license agreement are applicable to this service agreement unless where specifically stated otherwise in this agreement.
2. This agreement is non-transferable and services will only be provided to employees and/or agent of the account listed on this certificate.
3. Software and firmware updates are restricted to only the ones listed in Appendix A and only for the chassis or modules in which it is licensed per our software license agreement.
4. Spirent shall be under no obligation to release a specific version or any number of versions of the software covered under the Support Services Plans. Customer shall be under no obligation to utilize the newest version and may continue to utilize prior versions.
5. In cases where Customer does not upgrade to the latest or prior release, Spirent will not recreate or consider any bug fixes optional features or enhancements.

6. This agreement may be renewed prior to the expiration date of the current term.

7. This agreement does not cover hardware products which have been designated as "obsolete" as defined by Spirent's Advanced Lifecycle Management policy which can be found on Spirent's website.

8. Defective Products and Software under a service agreement shall be, at Spirent's discretion, repaired, replaced, or updated with current software based on the service agreement terms and conditions. Provided that: (a) Such hardware product is returned to Spirent after first obtaining a return authorization number and shipping instructions, freight prepaid, to Spirent's location in the United States; (b) Customer provides a written explanation of the Hardware defect or Software failure claimed by Customer; and (c) The claimed failure can be validated by Spirent and was not caused by neglect, accident, misuse, improper installation, improper repair, fire, flood, lightning, power surges, earthquake, or alteration.

Spirent reserves the right to deny service delivery, or charge Customer for repair at Spirent's then-current prevailing rates, should any of the above conditions caused the failure.

**Note: Spirent is returning your copy of the service agreement in electronic format. We retain all original agreements in our corporate office. Upon request, Spirent will send an original copy of the agreement. Please be sure to designate a specific addressee in your request.**
