

UP Education
Australia + New Zealand

Research Seminar Day

FRIDAY 06 NOV 2020

11.30AM – 4PM [NZ TIME] 9AM – 1.30PM [ADL TIME]

We are delighted to announce the inaugural UP Colleges Australia and NZ Research/Scholarship Seminar Day

This seminar day is a collaboration between

New Zealand School of Tourism (NZST) <https://nzschooloftourism.co.nz>

International College of Hotel Management (ICHM) <http://www.ichm.edu.au>

Yoobee Colleges <https://www.yoobee.ac.nz>

How will the day work?

- Everything will run via MS Teams and will be recorded so you can access later
- Login details for the sessions will be provided closer to the date
- If you are going to attend you are requested to also attend the opening and closing sessions so we can share important information with you
- ***You may attend in person at NZST 360 Queen St (sign in at level 6) lunch will be provided or join in on Teams.***

How will the sessions work?

- We have set up a series of sessions with two people taking the lead in each and talking briefly about their work and then discussing the research and its outcomes with the session participants.
- The purpose of each session is to have a relaxed and informal conversation in a very small group with everyone engaged. There will be NO DEATH BY POWERPOINT!
- Please feel free to follow up on Teams or email at the end of each session to continue the conversation, ask for a copy of a paper they may have written or other artefacts of their work. If you get really engrossed in your session, the session lead might make it longer. You can negotiate this at the end of each session, as others may want to jump off into the next session.
- There is a final session that will endeavour to bring the conceptual aspects of scholarship and research into a workshop looking at ways and whys to further improve research and scholarship activity and findings in your teaching.

UP Education Australia + New Zealand Research Seminar Day
