Are you up for the challenge?

THIS COURSE WILL GIVE YOU A SOLID FOUNDATION TO WEB DEVELOPMENT

IT'S NO SECRET THAT NZ NEEDS SKILLED TECH PROFESSIONALS.

AND WEB DEVELOPERS ARE UP THERE ON THE LIST.

While other industries have taken the brunt of the pandemic's impact, the IT sector has managed to maintain its position in the NZ economy (*Absolute IT, 2021*).

We want to provide you with a training opportunity to get started in Web Development, setting you up with the perfect lead-in to **higher level learning** in the digital technology industry.

New Zealand's tech
sector is made up of

2,000
firms.

Combined, they
employ over

114,000
people.

Employers anticipate
each year they will need

4-5,000
new technology professionals.

(NZ Immigration, 2021)

GO FURTHER WITH WEB DEVELOPMENT

Your journey to a bright future in Web Development starts here.

To advance your skills further, we recommend also studying our **UX Design Micro-credential**. These two courses will fully prepare you to dive straight into our **Level 6 Diploma in Web & UX Design**.

\$1,575.00 tuition fee + \$447.50

registration fee (incl. GST)

**Fees subject to change*

WHAT YOU'LL LEARN

6 HOURS	TIMETABLED WITH TUTOR
4 HOURS	SELF-DIRECTED LEARNING
10 HOURS	TOTAL LEARNING PER WEEK

This course is great for beginners, providing you with the perfect introduction to the core technologies in Web Development. Learn to build the perfect site with front-end development in **HTML**, **CSS** and **JavaScript**.

After completion, you will be able to:

- Confidently understand coding/computer programming
- Use research, design and coding as the fundamentals to Web Development
- Put into practice these skills to build a successful site
- Make informed design solutions

MODULE 1 /KŌWAE KOTAHI: HTML & CSS

Learning Hours: 40

Introduction to the core principles in Web Development. Apply the fundamentals of Hypertext Markup Language and Cascading Style Sheets to develop a multi-page website.

MODULE 2 /KŌWAE TUARUA: JAVASCRIPT

Learning Hours: 30

Develop an understanding of the principles and practice of coding using JavaScript for web development.

MEET OUR INDUSTRY EXPERT, **MAX BADDELEY**

YOUR WEB DEVELOPMENT TUTOR

Max has a PHD in Sociology and has been tutoring Web Design/Development at Yoobee for several years.

His current role is working as a Web Developer. His teaching methods revolve around understanding how the browser operates, and the aim of Max's course is to emphasise the 'vocabulary of the web'. This includes beginner's techniques and methods of how to create, plan and order the creation of websites through coding.

Do I need any prior experience in Web Development?

You do not need any prior experience, however you are required to have some basic computer skills and an interest in Web Development.

How many NZQA credits will I gain?

You will gain 7 level 5 NZQA credits, finishing with a level 5 qualification in Web Development. Yoobee is a Category 1 provider, which means you will be receiving the highest tertiary education available.

Who can enrol?

Anyone can enrol! We would love to have you on board with us. However, you must be at least 16 years of age. For further information & entry requirements, visit www.yoobee.ac.nz.

What platform is the online teaching run on?

All of our online teaching is run through Microsoft Teams, so you will need access to this which is free for guests (as well as reliable internet).

FREQUENTLY ASKED QUESTIONS . . .

Is there homework?

There is 10 hours of learning per week. 6 of these are contact learning with your tutor, and you are expected to put in an average of 4 hours of self-directed learning per week.

How can I take this course further and advance my skills in Web Development?

We recommend also studying our *UX Design Micro-credential*. These two courses will fully prepare you to dive straight into our *Level 6 Diploma in Web & UX Design*. On completion of these courses, you will have a strong foundation of knowledge in Web Development and be ready to bring your practical skills to the industry!
