*“Singita’s ethos of ‘touching the Earth lightly’ is no longer just a forward-thinking principle; it is imperative to our survival, and that of the land, wildlife and communities under our care.”*

– INGE KOTZE  
GENERAL MANAGER CONSERVATION

## AN ENDURING COMMITMENT TO Safeguarding Africa’s wildlife & wilderness

SINGITA IS A CONSERVATION AND ECOTOURISM BRAND THAT HAS BEEN HELPING TO PRESERVE AFRICA’S UNTOUCHED NATURAL SPACES FOR ALMOST THREE DECADES and we offer guests exceptional safari experiences at 15 award-winning lodges and camps across four countries. In partnership with non-profit Funds & Trusts who implement strategic conservation projects in each of the regions in which we operate, our 100-year purpose is to preserve and protect large parts of African wilderness for future generations.

We are steadfast in our commitment to protect unique ecosystems, help recover critically endangered species and ensure no further extinction, benefit neighbouring communities under our care, and contribute positively to the reduction of GHG emissions through our climate commitments.

Travellers choose to stay at Singita because of the expansive space and beauty of our remote locations. They value the restorative serenity of these pristine wilderness areas, as well as the limited guest and vehicle numbers, extraordinarily consistent game viewing and exceptional & intuitive care that is taken of each guest during their stay. When they depart, they are transformed for life and deeply moved by their connection and contribution to the legacy of this continent.

# CONSERVATION as a way of life

SINGITA HAS BEEN CHAMPIONING CONSERVATION IN AFRICA FROM ITS INCEPTION. The critical conservation work we carry out with our non-profit Funds & Trusts is aimed at restoring, enhancing and protecting the biodiversity of the ecosystems under our care. Our sustainable conservation model helps to balance tourism in all of the regions in which we operate.

## THE MALILANGWE TRUST

The Malilangwe Trust is a wholly Zimbabwean, non-profit organization focused on harmonizing biodiversity conservation, community development and commercial tourism.

In Zimbabwe, Singita partners with the Malilangwe Trust who carry out large scale work in wildlife management and protection, maintaining reserve and ecosystem integrity, promoting sustainable tourism practices and community development within the 130,000-acre Malilangwe Wildlife Reserve in which Singita Pamushana Lodge sits.

# Preparing for your journey

## SUGGESTED PACKING GUIDE

Cotton clothing in neutral colours such as green, khaki and grey is recommended for game drives and bush walks. It is advisable to avoid white and dark colours as they tend to attract bugs. If it rains during a game drive, waterproof ponchos will be provided. No formal wear is required at any of our lodges.

Use the weather as your guide:

- **October – April:**  
Casual summer clothing (shorts and lightweight shirts) with a warm jersey or sweater for the cooler morning and evening temperatures.
- **May – September:**  
Casual lightweight clothing with a very warm parka or windbreaker jacket for the very cold mornings and nights.

To ensure a comfortable safari experience, we recommend that you bring the following:

- Comfortable walking or track shoes, or hiking boots for walks as well as sandals to wear around the lodge.
- A swimming costume or bathing suit, sun block, sun hat, sunglasses, lip balm, mosquito repellent. (Lip balm and insect repellent will be provided, but if you prefer a particular brand, you are welcome to bring it along.)
- Video camera, camera, binoculars and extra memory cards.

## HEALTH REQUIREMENTS

Singita Malilangwe House is situated in a malaria-risk area; it is therefore essential that you consult your medical practitioner regarding anti-malaria requirements prior to your visit.

# Our location

## Location of Malilangwe Wildlife Reserve [A]

The Malilangwe Wildlife Reserve is set on 130,000 acres of wilderness in the southeastern corner of Zimbabwe, bordering the Gonarezhou National Park. Malilangwe remains virtually untouched by humankind and occupies a key position in an area that is potentially one of Africa’s largest bio-refuges. The vegetation on the ridges and rocky outcrops is characterized by flat-topped Mountain Acacia woodlands and ironwood thickets. The area is home to hundreds of baobab trees and an unrivalled assortment of birds with more than 500 species, including many raptors. This is where you will find Singita Pamushana Lodge, one of Africa’s most exclusive, remote hideaways.

## Location of Malilangwe House [B]

Singita Malilangwe House is set amongst towering trees overlooking a lake of 1,500 acres in the remote reaches of the pristine Malilangwe Wildlife Reserve which spans some 130,000 acres of wilderness in the southeastern corner of Zimbabwe, bordering the Gonarezhou National Park. This exclusive-use African home takes its cue from the rich tribal culture of the local Shangaan people, who have lived in the region for thousands of years. Beyond the villa, hundreds of baobab trees punctuate the untouched wilderness of ridges, outcrops, ironwood and Mountain Acacia woodlands, which are home to a great variety of rare and abundant wildlife, as well as hundreds of bird species and ancient rock paintings.

# Weather and temperature

## BEST TIME TO GO ON SAFARI

Southern Africa is a year-round destination. Traditionally the dry winter months (April to October) are best for game viewing, due to the shorter grass, lack of foliage and the absence of water which forces the game to concentrate around the remaining sources of drinking water. Annual rainfall, usually in the form of short afternoon thunder showers that clear up within an hour, occur from December to March. Many species give birth to their young around the start of the rainy season which is when the the bush comes alive with newborn animals.<sup>4</sup>
