SERENGETI Experiences

Daily game drives

Set off each morning and evening on drives across the concession to observe wildlife up close, learn about the region's natural and cultural heritage from our insightful Guides, and explore what each day in nature reveals. Vehicles accommodate a maximum of eight people.

Guided bush walks

Exploring the landscape on foot, led by a Guide, offers a more intimate perspective and a deeper understanding of the ecosystem. Together, you can observe smaller details and elements up close without interruption. We recommend a minimum age of 16 years for this experience, but participation is at your Guide's discretion.

Hot air ballooning

Explore the Serengeti and witness its iconic sunrise from above aboard a hot air balloon. This experience is hosted by our preferred supplier in the region, **Serengeti Balloon Safaris**.

Birdwatching

The Serengeti is home to an abundance of birdlife, from migratory species that travel from as far afield as Europe and Asia, to indigenous ones and savanna icons. Our Guides are available for you to engage with and learn more from at any moment.

Stargazing

The Serengeti is amongst the best places in the world to observe the night sky, not least because it's often the only thing you can see. And here, in its unfiltered form, without artificial light diffusing its clarity, you can appreciate it fully.

ON-SITE EXPERIENCES

Tennis

Enjoy matches on courts surrounded by the wilderness and cool down afterwards with locally inspired refreshments or a dip in the pool.

**Only available at Serengeti House & Sasakwa*

Boutique & Gallery

Browse a curated collection of African décor, art, artefacts, jewellery, and traditional craft — each piece chosen for its quality and provenance. Larger items can be shipped directly to your home.

Swimming

All our properties in the Serengeti, aside from Explore, offer pools — either in each suite or in the main communal area. Many overlook waterholes or incredible landscapes, allowing you to observe the natural world in motion.

Wine experiences

Enjoy personalised wine tastings or pairings, hosted by our knowledgeable sommeliers. Showcasing a variety of styles, vintages, and cultivars, and highlighting the depth and diversity of South African wines, they promise to enhance your experience. Orders can be placed for shipping selected wines back home.

Fitness space

Each of our properties in the Serengeti, aside from Explore and Mara River Camp, offers a fully equipped fitness space with a view of the wild.

Yoga

Yoga mats and instructional cards are provided in each suite for you to enjoy private, self-guided sessions. Our dedicated yoga practitioners can also lead guided sessions outdoors or in our properties' communal areas.

Wellness treatments

Enjoy soothing rituals that draw from local ingredients and traditional techniques to engage your senses and help you feel restored. Each session takes place on request and is tailored to where you are and what you need.

COMMUNITY & CONSERVATION

The Grumeti Fund is an independent non-profit organisation that champions conservation and community projects across the region. In partnership with the Grumeti Fund, Singita raises awareness and funding through the following guest experiences:

Engage with Grumeti Fund

Visit the RISE Centre (Research & Innovation for the Serengeti Ecosystem), which develops and supports research initiatives that provide tangible, resilient solutions to benefit the people and wildlife of the Serengeti.

You can also visit the Grumeti Fund's Environmental Education Centre (EEC), where local secondary school students learn about conserving the earth's limited resources. During term time, you may be able to engage with students directly.

Community visits also include various projects pioneered by the Grumeti Fund in neighbouring communities, such as GHOMACOS (Grumeti Horticultural & Marketing Cooperative Society) — an agricultural cooperative established with local farmers that supplies all regional Singita kitchens and staff canteens with high-quality, organic, seasonal produce.

Donation to the Grumeti Fund of USD 75 per person

**Not available at Mara River Camp*

Canine Anti-poaching Unit

Visit the Grumeti Fund's Anti-poaching Canine Unit to interact with the handlers, learn about their work, meet the dogs, and watch a live demonstration of their tracking skills.

Donation to the Grumeti Fund of USD 500 per person

**Not available at Mara River Camp*

Visit Observation Post 7

Enjoy a guided hike to one of the Grumeti Fund's Observation Points (OPs), where their Anti-Poaching Scouts are based and identify and respond to poaching threats. OP7 offers spectacular views of the Serengeti plains and an ideal setting for picnics.

**Not available at Mara River Camp*

FOR FAMILIES

Mini Rangers Course

This specially crafted, fun-filled course teaches young explorers everything from outdoor survival and animal tracking skills to more about the wonders of astronomy and the secrets of tree and bird identification.

Other experiences

Cooking classes, board games, arts and crafts, movies, and swimming, as well as activity booklets with a variety of games, quizzes, and puzzles.

In the interest of safety, children may participate in drives and bush walks at the discretion of a Guide. Each property offers childminding services, which must be pre-arranged.
