KRUGER NATIONAL PARK, SOUTH AFRICA

Singita

“In all that we do, we strive to bring people closer to nature. Singita’s Kruger concession is incredibly diverse, meaning every moment offers the opportunity to experience and discover something new.”

— Jo Bailes, CEO

Our purpose

Singita is a leading conservation and ecotourism brand, borne of a deep love and respect for nature and Africa, passed down through generations. Guided by an enduring purpose to protect and preserve large areas of African wilderness for future generations, we offer meaningful, curated nature-based experiences across some of the continent's most expansive and untouched concessions.

SINGITA LOWVELD TRUST

The **Singita Lowveld Trust** is our non-profit conservation partner in South Africa. Its teams are responsible for managing a wide range of projects across the Greater Kruger Region — from anti-poaching and sustainability initiatives to wildlife research, land management, and community support programmes for early childhood development, digital learning, enterprise development, and skills training

Lebombo

A rugged mosaic of wilderness stretches to every horizon from the ridge where Lebombo sits. Expansive windows open to an endless sky, framing sweeping views of valley and river below. Spaces merge, each drawing the outside in, along with sounds and elements that soothe you. Warm, earthy tones soften the senses, while rustling canopies and grazing antelope pass along walkways — reminders that the wild is never far. In its elevation, a quiet stillness settles. Linger and notice the movement of this vast terrain, or set out to satisfy the curiosity that comes from observing the wild from above.

Listen to a gentle
chorus of birdsong
from the banks of the
N'wanetsi River.
