

Family Activities

Our collection of family-friendly lodges, camps & villas

Singita

“At Singita, we have always celebrated opportunities for loved ones to connect on journeys of discovery while sharing the magic of Africa’s magnificent wildlife and wilderness. Our family safaris open the door to life-changing adventures, and chances to learn, explore and grow together.”

- LUKE BAILES, FOUNDER & EXECUTIVE CHAIRMAN

TRANSFORMATIVE CONNECTIONS with loved ones

The opportunity to experience Africa's positive spirit, witness its wildlife and wilderness, and step into nature's classroom to participate in activities that invite new perspectives makes a Singita family safari the ultimate gift to young minds.

From learning how to track animals to the thrill of witnessing predators on a hunt, each experience opens a world of knowledge, while strengthening cherished bonds between loved ones. Set in unspoilt locations across the African continent, our lodges, camps and villas allow you to explore unspoilt savannahs, riverine bushveld, rocky outcrops, misty mountains and more - with each carefully protected habitat offering a rare chance to travel deep into the heart of the continent, where its most coveted creatures flourish and thrive.

With travellers seeking out more meaningful ways to travel, remote destinations that provide authentic connections with nature are especially sought after - and exclusive family safaris are leading the way. At Singita, every family safari is personally tailored to ensure that you share transformative journeys of discovery while experiencing the raw energy of the African continent, its warm-hearted people and its breathtaking lands.

There's a sense of belonging that comes from being embraced by the continent's energy and as you spend your days exploring together - delighting in nourishing food filled with local flavours; learning tracking skills passed on for generations; and listening to inspiring stories and fireside songs - it leaves a lasting impression on young and old.

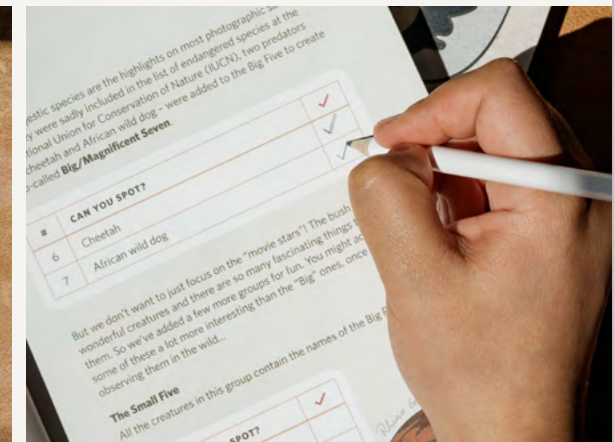

TAILORMADE FAMILY ITINERARIES and a range of activities to stimulate young minds

Dedicated programmes for children – such as Singita’s mini rangers and emerging rangers courses – nature’s profound ability to inspire, excite and transform, and the value of the next generation having the privilege of learning more about the environment while they’re in the wilderness is simply immeasurable. This specially crafted course equips young explorers with everything from wilderness-survival skills to knowledge about tracking animals, astronomy and tree- and bird identification.

Each region also has its own unique offering to augment Singita’s signature experience. Guests can enjoy visits to ancient rock art sites, gorilla-trekking (minimum age 15), hot-air balloon rides, swimming, tennis, fishing, mini-cooking courses with Singita’s chefs and more.

Activities are specially designed to suit the interests of each family with a focus on reawakening the senses.

Castleton

SABI SAND, SOUTH AFRICA

A magnificent African homestead with a sprawling lawn that invites complete unwinding and carefree days of shared activities.

Offering unmatched exclusivity and comfort in the heart of the bush, this former residence of the grandfather of Singita's founder features relaxed and understated interiors with nostalgic references.
