

TOTAL TOPICAL CARE

Why settle for a topical anesthetic that just numbs the tissue when you could have a product that does so much more?

When you choose Ultracare gel as your topical anesthetic, **YOU GET ITS TRIO OF BENEFITS!**

1. 20% benzocaine for effective numbing
2. Numbs tissues in as little as 10 seconds
3. Three delicious flavors: Walterberry, Bubble Gum, and Cool Mint

Bottles of Ultracare gel come in great-tasting flavors of Walterberry, Bubble Gum, and Cool Mint. And your patients will love that they don't have any bitter aftertaste!

30 ml Bottle	1pk
Walterberry	301
Bubble Gum	302
Cool Mint	308

METHEMOGLOBINEMIA WARNING:

For external use only. Use of this product may cause methemoglobinemia, a serious condition that must be treated promptly because it reduces the amount of oxygen carried in blood. This can occur even if you have used this product before. Stop use and seek immediate medical attention if you or a child in your care develops: • pale, gray, or blue colored skin (cyanosis) • headache • rapid heart rate • shortness of breath • dizziness or lightheadedness • fatigue or lack of energy. Product supervision is required for children between 2 and 12 years of age. Do not use if taking sulfonamides, for teething, or in children under 2 years of age.
