CORDLESS:
The VALO Cordless curing light is equipped with a sensor that registers movement of the light. When the light is not being used, the VALO Cordless curing light will automatically go into sleep mode. When it is moved, it will return to the most recently used setting. The battery-operated, cordless wand design provides optimal convenience and flexibility, and the rechargeable batteries are safe and inexpensive.

CORDED:
The VALO curing light has a medical-grade, international power supply and is suitable for power outlets from 100 to 240 volts. The handpiece is designed to rest in a standard dental unit bracket or can be custom mounted using the bracket included in the kit.

VALO Grand Kit
1 x VALO Grand LED curing light
4 x Batteries (rechargeable)
1 x Battery charger
1 x Power supply with universal plugs for battery charger
1 x VALO Grand light shield
1 x Handpiece bracket holder
50 x Barrier sleeves

VALO Cordless Kit
1 x VALO Cordless LED curing light
4 x Batteries (rechargeable)
1 x Battery charger
1 x Power supply with universal plugs for battery charger
1 x VALO Cordless light shield
1 x Handpiece bracket holder
50 x Barrier sleeves

VALO Kit
1 x VALO LED curing light - 7’ cord
1 x Power supply with universal plugs - 6’ cord
1 x VALO light shield
1 x Handpiece bracket holder
50 x Barrier sleeves

ALL THE BENEFITS OF THE REVOLUTIONARY, AWARD-WINNING VALO® CURING LIGHT, WITH A 50% BIGGER LENS.

AVAILABLE ON ALL VALO CURING LIGHTS

UNPARALLELED POWER
Ultra-high-energy broadband LEDs produce a high-intensity light at 395–480 nm

MULTIPLE WAVELENGTHS
Custom LEDs in three wavelengths polymerize all light-cured dental materials

DURABLE UNIBODY CONSTRUCTION
A bar of tempered, high-grade aerospace aluminum is CNC precision milled to create an extremely durable, lightweight handpiece

LOW ACCESS ANGLE
The 11 mm head height allows easy and direct access to all curing sites

COLLIMATED BEAM
Optimally collimated beam delivers consistent, uniform power

MORE UNIFORM CURE
Unique glass lens system forms the collimated blended beam to give an even cure

AWARD-WINNING
The VALO family has won multiple Reality 5 Star Awards, Townie Choice Awards, and Pride Institute “Best of Class” Technology Awards, and has been named one of Dentistry Today’s Top 50 Technology Products multiple times

EXCLUSIVE TO THE VALO GRAND LIGHT

LARGER TIP DIAMETER
The VALO Grand light has a 12 mm diameter lens, capable of covering 107 mm²

ADDITIONAL CURING BUTTON
Curing button on the underside facilitates intuitive operation

All VALO LED curing lights use a custom, multiwavelength light-emitting diode (LED) for producing high-intensity light at 395–480 nm, which is capable of polymerizing all light-cured dental materials.

Every member of the VALO curing light family also offers three curing modes: Standard, High Power, and Xtra Power to accommodate your preferences.
