VOICE OF THE CUSTOMER

"GitHub [Enterprise Cloud] provides far better productivity, allowing developers to spend more time on the fun stuff. This, in turn, provides satisfaction, and happy people just perform better."

DIRECTOR OF SOFTWARE ENGINEERING, FOOD AND BEVERAGE

"GitHub Advanced Security helps us identify vulnerabilities in our code, and secret scanning ensures that sensitive information is not exposed."

SENIOR IT DIRECTOR, MANUFACTURING

"Having a single platform like GitHub allows us to enforce standardized development processes across all teams, ensuring consistency and compliance."

DEVSECOPS ENGINEER, RETAIL
