

# SFDR Disclosure

June 2022

## Classification fund

Dynamic Credit's mission is to create a better match between savings and credit for a more sustainable and prosperous society. This mission is integrated in several layers of how we conduct ourselves as a company.

Dynamic Credit is committed to responsible investments, and to show this we have published a responsible investment policy, to ensure that our activities as a direct lender and asset manager are in line with this mission.

As of March 10, 2021, it is required by the Sustainable Finance Disclosure Regulation (SFDR) to classify each fund in a sustainability category (Article 6, 8 or 9). As there are still uncertainties as to when a fund classifies as 'promoting' sustainability, Dynamic Credit has opted to classify its fund as Article 6.

Fund	Classification
Diversified Loan Fund (DLF)	Article 6

## Principle Adverse Impact Statement

Dynamic Credit does not consider principal adverse impacts on the basis that, in the context of the investment policies and the investment strategy of the fund, it is not possible to conduct detailed diligence on the principle adverse impacts of the Investment Manager's investment decisions on sustainability factors.
