

Template Tablecloth Ø 160 cm

Size: 1600 x 1600 mm

You can use this file as an extra layer in your layout programme.
Do not forget to make our template invisible or to delete it before you save your final PDF, or JPG with a high resolution.

Format size to be submitted (1660 x 1660 mm)

Finished size + 30 mm cutting margin (bleed)
It is advised to let the background and all of the images run through to this edge. This ensures that your printing can be finished neatly and this prevents a white edge around your print.

Finished size (1600 x 1600 mm)

Your printing will be finished on these dimensions. This format will be the final size.

Safe zone (10 mm)

Please make sure you keep your important images and text 10 mm clear of the cutting edges. This prevents a possible cut in the important parts, or that the images are so close to the edge that it results in a sloppy design.
