the 1990s, the number of people who have been employed in the public sector has increased in all countries.

There are several reasons for the increase in public sector employment. First, the public sector has become an important source of employment for the young population. Second, the public sector has become an important source of employment for the elderly population. Third, the public sector has become an important source of employment for the disabled population. Fourth, the public sector has become an important source of employment for the low-skilled population. Fifth, the public sector has become an important source of employment for the low-income population.
