

# Template Flip-flops L

Size: 42-44

You can use this file as an extra layer in your layout programme. Do not forget to make our template invisible or to delete it before you save your final PDF, or JPG with a high resolution.

## Format size to be submitted

Finished size + 3 mm cutting margin (bleed)

It is advised to let the background and all of the images run through to this edge. This ensures that your printing can be cut neatly and this prevents a white edge around your print.

## Finished size (111 x 290 mm)

Your printing will be cut on these dimensions. This format will be the final size.
