It is advised to let the background and all of the images run through to this edge. This ensures that your printing can be cut neatly and this prevents a white edge around your print!

Your printing will be cut on these dimensions. This format will be the final size.

## Safe zone

Please make sure you keep your important images and text 20 mm clear of the cutting edges. This prevents a possible cut in the important parts, or that the images are so close to the edge that it results in a sloppy design.
