

FRONT

Template Oval 50 x 30 mm

Format: 50 x 30 mm

You can use this file as an extra layer in your layout programme.
Do not forget to make our template invisible or to delete it before you save
your final PDF, or JPG with a high resolution.

Example: Size to be submitted (54 x 34 mm)
(Your selected **WIDTH** and **HEIGHT** in millimeters + 2mm on all edges)
Final size + 2 mm cutting margin (bleed)

It is advised to let the background and all of the images run through to this edge. This
ensures that your printing can be cut neatly and this prevents a white edge around
your print.

Example: Finished size (50 x 30 mm)
(Your selected **WIDTH** and **HEIGHT** in millimeters)

Your printing will be cut on these dimensions. This format will be the final size and will
be delivered to you.

Safety zone (3 mm)

Please make sure you keep your important images and text 4 mm clear of the cutting
edges. This prevents a possible cut in the important parts, or that the images are so
close to the edge that it results in a sloppy design.
